# GINO SEVERINI
## LONDON DRY GIN

SPIRITI TOSCANI®
• DISTILLERIA ARTIGIANALE •

***An Artist's Tribute to the Dynamism of Art***

On the occasion of the exhibition "GINO SEVERINI, Modernity as Dialogue", **Spiriti Toscani** presents an ***extraordinary, ultra-limited edition of just 250 numbered pieces***.

A London Dry with a classic profile and a bold soul: a unique recipe that blends the rigor of tradition with innovative notes. Just as Severini brought rhythm and movement to 20th-century painting, **GIN(O)** deconstructs and recombines classic botanicals to deliver a dynamic and unexpected sensory experience.

Even the dress of GIN(O) is a work of art: designed as an exclusive limited run, the label incorporates the official graphics of the exhibition and features an iconic detail from Severini's famous painting, ***La Danse du Pan-Pan***.

LIMITED edition

**250** numbered bottles

Distilled with passion by
***Spiriti Toscani***

**Metod**: London Dry Gin

**ABV**: 43% Vol.

**Botanicals**: Tuscan Juniper, Florentine Iris (Iris root), Grains of Paradise, Coriander, Angelica, Bergamot, Ginger.

**Appearance:** Clear, crystal-bright, with excellent brilliance.

**Nose:** Intense and balsamic. The opening is dominated by Tuscan juniper, beautifully balanced by the fresh notes of bergamot and the refined floral profile of Florentine iris.

**Palate:** Bold, dry, round, and enveloping on the entry, dominated by an extraordinary balsamic and resinous Tuscan juniper. Great balance in the mid-palate, with a delicate transition from the earthy notes of angelica to the silky, floral character of Florentine iris, which bridges into the vibrant, spicy kick of grains of paradise.

**Finish:** Long and persistent, featuring a vibrant synergy between the fresh citrus of bergamot and the pungent warmth of ginger, paving the way for a noble and decisive balsamic return of juniper.

**Perfect Serve:** Gin & Tonic. The effervescence of the tonic water unlocks the more delicate botanicals while softening the alcoholic impact on the palate. The quinine creates an ideal balance with the juniper, enhancing the citrusy freshness of bergamot and the spicy notes of ginger.

**Character:** An elegant Tuscan gin, driven by the balsamic power of juniper. It evolves with great harmony on the palate, leading to a finish that is fresh with bergamot and vividly spiced with ginger and grains of paradise. Also recommended in Negroni, Dry Martini, and Gimlet cocktails.
